EDUCATION

ABES Engineering College

B.Tech in Computer Science (Current CGPA: 7.99)

Ghaziabad, UP

November 2022 – July 2026

TECHNICAL SKILLS

Languages: JavaScript, Python, Java, C, HTML, CSS

Libraries & Frameworks: React, Redux, Tailwind CSS, Material UI, Bootstrap, Node.js, Express.js, FastAPI

Databases: MongoDB, SQL

Cloud and Backend: AWS S3, AWS SQS, DLQ, Pre-signed URLs, Multipart Uploads, Permit.io (RBAC), YARA, ClamAV

Developer Tools: Git, GitHub, VS Code, IntelliJ IDEA, Jupyter Notebook, Postman, Requestly, MinIO

Core Skills: Data Structures & Algorithms, Operating Systems, OOP, Computer Architecture

EXPERIENCE

Software Engineer Intern - Veersa Technologies

June 2025 – Present

File Service Platform

- Working on a microservices-based **File Service Platform**, focusing on backend development, authentication, authorization, and cloud integrations.
- Implemented token validation, **Permit.io**-based authorization, and secure file access workflows, ensuring role-based permissions for file operations.
- Developed and integrated **AWS services (S3, SQS, DLQ)** to support secure file uploads using pre-signed URLs, multipart uploads, and asynchronous file scanning pipelines using **YARA** and **ClamAV**.

PROJECTS

School Management System | *React, Redux, Tailwind, Node.js, Express.js, MongoDB* | **Link** Oct 2024 – Jan 2025

- Built a MERN-based School Management System with role-based dashboards (Admin, Teacher, Student, Parent), Cloudinary image upload, and email notifications via Gmail SMTP.
- Implemented secure forms using react-hook-form & Zod, and designed an interactive, responsive UI with Tailwind CSS including Dark Mode support.

StudyNotion: An EdTech Platform | *React, Redux, Node.js, Express.js, MongoDB* | **Link** Nov 2023 – Jan 2024

- Developed a full-stack EdTech platform for student and instructor onboarding, course purchase, content management, and secure payments with role-based access.
- Built responsive UI using React.js & Tailwind CSS and designed scalable backend architecture with Node.js, Express.js, and MongoDB.

ACHIEVEMENTS

- **LeetCode Rating: 1513** 2024
Achieved the 1513 LeetCode rating (top 39.61%) demonstrating strong problem-solving skills.
- **CodeChef Rating: 1114** 2025
Attained a rating of 1114 in CodeChef, demonstrating strong knowledge of data structures and algorithms.

CERTIFICATIONS

- **Java Programming Certificate** *University of Helsinki, September 2023*: Completed a comprehensive course in Java programming, covering object-oriented principles, data structures, and algorithms.
- **Programming Essentials in Python** *Cisco Networking Academy, December 2023*: Proficient in Python programming, including data structures, algorithms, control flow, file handling, and using modules, packages, generators, and iterators.
